

UM

A Diversified Industrial House

The pursuit of knowledge and love for innovation has pushed UM Group onto a journey to explore, producing superior quality products and rendering state-of-the-art services by relying on latest quality management systems. Thereby we have added momentum to the economic progress of the nation and touched the lives of its people which are a matter of joy and pride. It is with legitimate pride that Unitech Machines Ltd. can speak about its profile, prosperity and performance. To be able to survive and thrive in an emerging new environment where competition is stiff and excellence is a big challenge, we have succeeded in putting our market rivals in the shade not without reason though.

Let me assure you, this coming year will be one of growth through increased manufacturing capacities and effective Joint Ventures. We shall leave no stone unturned to make optimal utilization of the potential market opportunities. The company operates with a big reservoir of trust, know-how, human assets and team spirit. The faith that our customers have in us, both in terms of quality and integrity, gives us strength and we hope, in the process, to continue our business relationship on a friendly and durable basis.

As this financial year comes to an end, I would like to express my gratitude to our Board of Directors for their selfless support and guidance. I am also grateful to all our shareholders, customers, suppliers, bankers who have reposed their trust in me and my team. And at the end I would like to thank each and every employee of the UM Group who has held my hand strongly in our struggle to move forward amidst all economic odds.

I pray to God to shower his blessings in abundance on all of you.

V.K. Chhabra
Chairman & Managing Director
UM Group
